Описание: La Paloma Private Plot Collection | 7 Villa Plots with Sea-View Potential and Flexible Portfolio Acquisition  
Held under a single ownership structure, this private collection of 7 villa plots in La Paloma offers a rare opportunity to control a meaningful residential position within one of the coast's quietest and most naturally elevated enclaves. With sea-view potential across much of the portfolio, a low-density villa environment, technical groundwork already initiated for a 7-villa scheme, and vendor flexibility for the right buyer, this is an unusually intelligent acquisition for developers, family offices or private investors seeking a phased or full-position coastal land strategy.
